AVAILABLE EXEMPTIONS FOR PROPERTY OWNERS

School taxes

- All residence homestead owners will receive a state mandated \$25,000 homestead exemption from their home's value for school taxes.
- Age 65 or older and disabled exemptions: Individuals 65 and older and/or disabled residence homestead owners may qualify for a \$10,000 homestead exemption for school taxes, in addition to the \$25,000 exemption for all homeowners. If the owner qualifies for both the \$10,000 exemption for 65 and older homeowners and the \$10,000 exemption for disabled homeowners, the owner must choose one or the other for school taxes. The owner cannot receive both exemptions. A 100% Disabled Veterans exemption is also available.

If you have any questions about exemptions and how to apply, please ask the District for assistance.

APPLYING FOR AN EXEMPTION

- You may file an Application for Residential Homestead Exemption with the appraisal district for the homestead exemptions up to one year after the taxes on the homestead are due. Once you receive the exemption, you do not need to reapply unless the chief appraiser sends you a new application. In that case, you must file the new application. If you should move or your qualification ends, you must inform the appraisal district in writing before the next May 1st.
- You may apply to the appraisal district up to one year after the date you turn 65 or qualify for disability, or up to one year after the taxes are due, whichever is later. If your application is approved, you will receive the exemption for the entire year in which you turn 65 or become disabled and for subsequent years as long as you own a qualified homestead. Beginning in 2005, if your date of birth was on your original homestead application or other written correspondence to the appraisal district about your homestead you will automatically receive the 65 or older exemption without applying, if you are entitled to the general homestead exemption.
- You are eligible for the Disabled exemption if you can't engage in gainful work because of a physical or mental disability or you are 55 years old and blind and can't engage in your previous work because of the blindness. To qualify, you must meet the Social Security definition for disabled. You qualify if you receive disability benefits under the federal Old Age, Survivors and Disability Insurance Program administered by the Social Security Administration. Disability benefits from any other program do not automatically qualify you. To prove your eligibility, you may need to provide the appraisal district with information on your disability.
- Section 11.131 of the Tax Code requires an exemption of the total appraised value of homesteads of Texas veterans who received 100% compensation from the U.S. Department of Veterans Affairs due to a 100% disability rating or determination of individual unemployability by the U.S. Department of Veterans Affairs.
